**RE: Heart PAC #C00342386**  
**October Quarterly Report (7/1/02 - 9/30/02)**

Dear Ms. Sagri:

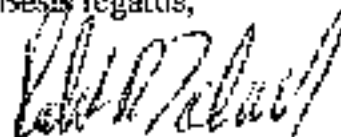

Enclosed you will find the requested clarification of the report referenced above.

The errors noted in your letter occurred in the original reporting of the October Quarterly Report when pre-primary information was inadvertently included in the quarterly report. The enclosed amended report covers the correct amount of time beginning at the end of the pre-primary report, July 18, 2002, through the end of the third quarter, September 30, 2002.

In addition, the missing Schedule H3 information is enclosed as well. As noted in earlier request for more information for other reports, there was a consistent data entry error in the past which prevented the printing and submission of H3 information in the past.

Please contact me with any further requests for additional information at 316-655-9130.

Best regards,

Robert R. Noland  
Assistant Treasurer
